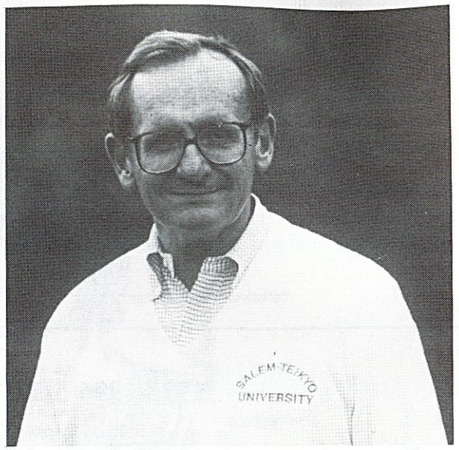
PRESIDENT'S MESSAGE
DR. RONALD E. OHL

It has been a pleasure to witness the growth and quality of the academic, athletic, and extra-curricular programs since Salem College merged with Teikyo University to form Salem-Teikyo University. As reported in the *New York Times, USA Today, the Los Angeles Times,* and on NBC-TV nightly news, the partnership which established Salem-Teikyo University has been called visionary, pace-setting, and an academic first.

While retaining its tradition of small classes which give extra attention to students, S-TU now provides students with an international, intercultural educational experience. The faculty has internationalized the curriculum and continues to explore ways to enhance internships and study abroad experiences.

At Salem-Teikyo University this same spirit is reflected in athletics, sports and fitness programs which are designed to promote leadership skills, teamwork, self discipline, and healthy lifestyles. Salem-Teikyo is a member of the NCAA Division II and the West Virginia Intercollegiate Athletic Conference. The University's extensive programs encourage student and fan

President Ohl receiving banner from Lions Club.



President Ronald E. Ohl, Ph.D.

participation at many different levels from intercollegiate competition to intramural to club sports.

The athletic programs on our campus are committed to producing student athletes. We are very proud that almost every year 100 percent of our senior athletes are graduated.

Salem-Teikyo University athletic teams have enjoyed very exciting seasons in recent years. Last year the women's basketball program earned a spot in national competition, following the men's national-level recognition of past seasons. The strength of our swim, soccer and baseball teams was also evident in the commitment and achievements of many outstanding student athletes.

This year the University Community eagerly awaits the 1,000th win for the men's basketball team--a special occasion that very few institutions nationwide are able to celebrate.

Both men and women "Fighting Tigers" have been ranked nationally and are well respected throughout the country. On behalf of the Salem-Teikyo Community, we wish them continued success during the 1995-96 season.

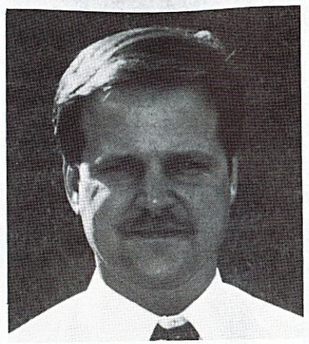
HEAD MEN'S BASKETBALL COACH
MIKE CAREY



Tradition is a word media folks toss around to describe successful basketball programs. It's always been unclear exactly when a successful basketball program crosses from the dark side - where multiple winning seasons are considered a temporary wrinkle in the time-space continuum -- to be labeled "tradition" by sports media Yodas.

Still, even by the strictest of standards, head coach Mike Carey's seven years at the helm of Salem-Teikyo basketball should have earned the program at least a place on the threshold of that elusive Hall of Traditions.

Back-to-back WVIAC Championships in 1993 and 1994, a strong second place finish with a short-handed eight-man squad in 1995, three consecutive nationally ranked seasons, three successive WVIAC Player of the Year awards, and a career winning percentage of .646 -- the best in S-TU history -- are much more than temporary aberrations.

Coach Carey has led the S-TU basketball program, already steeped in rich WVIAC history with the likes of Archie Talley and John "Brooms" Abramovic, to another level -- the level from which traditions are forged.

A stellar player at Harrison county's Liberty High, Mike Carey opted to attend S-TU over Penn State, reasoning he'd get more floor time at S-TU. He was right. Four years on the S-TU hardwoods yielded the ever-hustling, always-competitive Carey 2,089 points. That total trails only the legendary Talley and Abramovic in Tiger history.

Carey's S-TU coaching record of 132-70 features three consecutive nationally ranked seasons (1993, 94 and 95), two WVIAC Championships (1993 and 1994) and the 1993-1994 WVIAC Coach of the Year Award.

And coach Carey's winning ways, through *Athletic Director* Mike Carey's leadership, seemingly have infected other S-TU teams: Coach Tammy Biesenthal's excellent recruiting and coaching led the Lady Tigers to the 1994-95 WVIAC Championship and first ever WVIAC Tourney title; S-TU's first-year swimming team, under coach Mark Murray, sent 7 swimmers to the national. One earned All-American honors.

Yet, between the endless meetings and mountains of paperwork, Mike Carey often can be seen working on the gym or building dugouts at the softball field.

Coach Mike Carey -- the stuff from which S-TU's "tradition" is molded.

Mike Carey is a life-long resident of Harrison county, the son of Ron and Shirley Carey. Mike married Cheryl Minnix in 1985. The Carey's have four children - Chris, Chelsy, Craig and Chelby. The Carey family lives in Clarksburg.

FOND REFLECTIONS, CAUTIOUS EXPECTATIONS

"With the injuries and talent we had, we were very fortunate to finish second last year. The players we ended up with last year did a great job. They played to the next level of their capabilities," coach Mike Carey reflects. "The team we ended with really gave me a 100 percent as much as any team I've coached."

Last season's strong second place finish with a seven man squad may not have been an accomplishment of epic proportions, but it was very impressive.

Epic proportions? Maybe not equal to the 12 Herculean Labors, but surely S-TU's 1994-95 season performance rivals Hercules' Second chore--that of slaying the multi-headed Hydra. That rusty relic of a dragon caused Ole Hercules no-end of grief doubly replacing each head which he whomped-off. Defeat one, and two more appeared to aggravate the weary warrior. And, so it went with coach Carey's problems.

Consider this: Early into the 1994-95 season the Tigers lost the team's only true big man, 6'10" Djordje Munizaba, which forced S-TU into more of a perimeter offense. Adjusting to the problem, every player increased his level of play. Then, All-Conference guard Terrance Ross suffered a knee injury 17 games into the season. Again, adjusting to the problem, every player increased his level of play. Still, the remaining seven won more than they lost. And several of S-TU's defeats resulted from buzzer-beater, Hail Mary baskets.

"We were tired going into the last week of the season. The wear and tear of the season on our limited number of players took its toll. I'm extremely pleased with last year's season play," says Carey.

Last season the Tigers implemented very effective zone play on defense and, without a big man inside, perimeter scoring became mandatory.

What did coach Carey learn from last year's extraordinary season? "I learned that if you have a group of young men willing to give a 110 percent regardless of the talent level, no matter what the odds are, you can be very successful."

And the players? "I think the players learned three things. First, they learned how to win, what it takes to win in this conference. Second, they have a taste of winning. They came up short last year and they don't want to come up short this year. They have a little extra incentive. And third, it gives leadership to the players that haven't been in the conference. The returning players know what it takes to win in this conference."

The influx of eight new players, Carey hopes, will solve several of last year's problems. Three of the new players -- Wilson, Barron and Thompson -- are penciled in as strong inside players. Also on paper, the very quick Wheeler at point looks like an excellent complement to Antoine Hatcher. Mixing and blending such a large group of personalities into a cohesive team is no easy task. Still, coach Carey successfully accomplished this before with his 1992-93 Championship team. "It's going to be a weakness early getting them used to playing together. It's a weakness for the new players to adjust to my coaching style. Until we get our inside game established, we'll have a weakness there. But our biggest weakness is defense. If we play good team defense, we are going to win games. With the talent we have, we'll score points. This group has the best overall team speed and strength level of any team I've ever coached. Still, the key to this year is the people accepting different roles other than what they are used to. Fortunately, this year we have many good young men and maybe the problems will be solved early on."

ASSISTANT MEN'S BASKETBALL COACH
ANDY SORINE

Traditionally, college men's assistant basketball coaches inherit recruiting duties as their primary obligation. An assistant's success hinges on that individual's drive, personality, knowledge of the game and, maybe the most critical element for an assistant's success, the *love* of the game. And S-TU's assistant basketball coach Andy Sorine loves the game of basketball.

Sorine is an excellent recruiter, first and foremost.

"Andy Sorine, in my opinion, is the best recruiter in the conference," coach Carey often says. And with just cause. Sorine is directly responsible for many quality players coming to S-TU. He attracts talented division one transfers as well as division one level athletes with his passion for the game and his loyalty to Salem-Teikyo University basketball.

A former high school standout at Fairmont East and Lincoln who was twice selected to second team All-State, Sorine chose to attend WVU where he played basketball, earned his BS in physical education and his Masters in safety studies. He is starting his eighth season at S-TU.

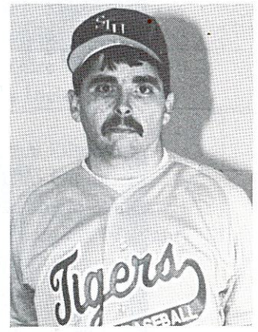
In addition to his other coaching duties -- practice time, player logistics, and travel -- Sorine is Director of Intramurals at S-TU.

ATHLETICS DEPARTMENT SECRETARY
CHERYL MORGAN

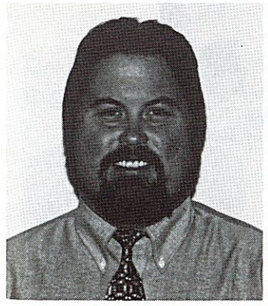
Her formal title is athletic secretary. Yet, to many a student athlete she's known as "*my second mom.*" She's the one they come to to sort out some college paperwork problem, or to seek motherly advice, or just to talk to when they're homesick. She's the heart and soul of the sports department.

While Mike Carey -- athletic director -- is the undisputed leader, nothing much of any consequence is accomplished without it crossing Cheryl's desk at some point. Her 12 years of experience, elephantine memory, and incredible efficiency make her the "go-to" person for the athletic staff. She knows the workings of the college, the sports department, the conference. She possesses a special genius for guiding staffers through paperwork mazes in her quiet patient way. Cheryl Morgan -- one person the phrase "We can't do without!" truly describes.

NCAA COMPLIANCE & ASSISTANT ATHLETIC DIRECTOR
LOU TALERICO

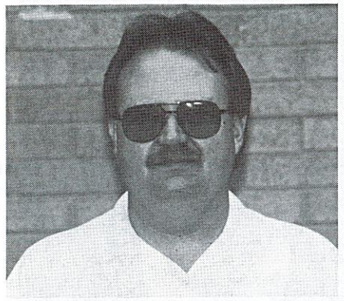


Something of a contemporary version of the multi-headed guard dog, Cerberus, is S-TU's Assistant Athletic Director/NCAA Compliance Coordinator Lou Talerico. The ever vigilant overseer all S-TU student athletes must successfully pass by before eligibility to compete can be granted. Acknowledged as Mike Carey's right hand, Talerico chops through bales of NCAA blue tape to ensure S-TU is never in violation. Talerico also assumes Carey's athletic director responsibilities when coach Carey is absent. In addition, Lou Talerico coaches S-TU's baseball team. A man of many hats, all of which he wears well, very efficiently, and with a great sense of humor.



PERRY CAIN .... "THE VOICE OF THE TIGERS"

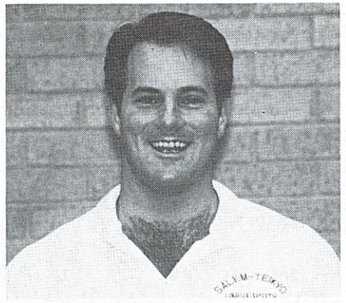
Players come, do what they do, and leave. Yet, over the years, game after game, win or lose, there's always a familiar face at the scorer's table. For nearly a decade now, if you've attended any games at T. Edward Davis gymnasium, you've seen him...and heard him--Perry Cain. Perry's the one at the microphone. One would have to search hard to locate a more enthusiastic fan, a more durable loyal supporter than Perry Cain--the Voice of the Tigers.



DR. JAMES SABO
Head Athletic Trainer

"Doc" Sabo's a handy man to have around for more reasons than the obvious. Since 1984 when he was appointed, Jim Sabo has tended to athlete ailments and injuries, always professionally and with careful concern. If his plate weren't full enough, he also is Acting Chairperson Department of Physical Education, Coordinator of Sports Medicine curriculum and an Assistant Professor. His credentials, active associations and research all read like an alphabet soup of impressive dimensions. From A to Z, Dr. Sabo knows his job and does it in efficient style with the best of light-hearted bedside manner. When not mending and patching athletes, Sabo occupies his spare time blacksmithing, woodworking, tinsmithing or with construction, designing and rebuilding the new dugouts at the softball field or building an athletic training room at the stadium or many other much smaller projects around the athletic department. In many ways, "Doc" Sabo is a real handy guy to have around.

PHILLIP PAOLETTA - ASSISTANT TRAINER



The proverbial "new boy on the block", Phillip Paoletta arrived at S-TU just as fall sports kicked into high gear. Although new to S-TU, he is not new to the business of athletic training, having graduated from California University of PA in 1991 and earned his Masters at Ohio University in 1992. His duties include covering rugby, women's basketball and tennis, softball and with Dr. Sabo, men's and women's swimming. Also, he will act as Peer Tutor Coordinator.

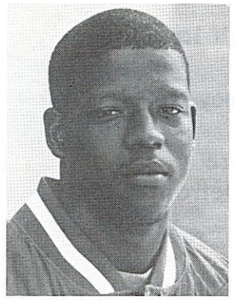
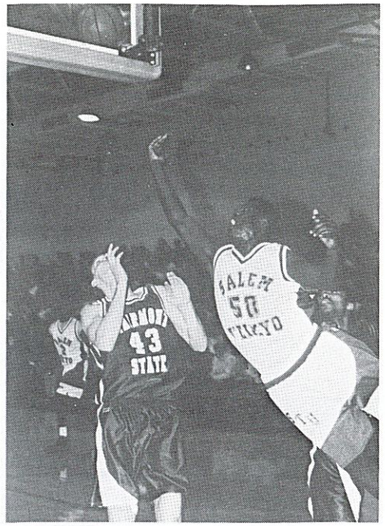
1975-1976 NAIA Player of the Year

PLAYER OF THE YEAR



50 ANTOINE HATCHER
SR. 6'3", 200, GUARD/FORWARD
NEWARK, NEW JERSEY

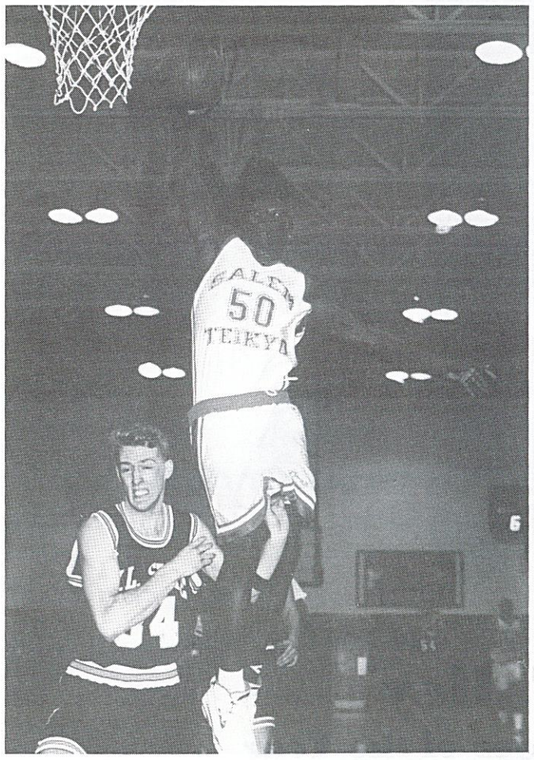


"Antoine Hatcher is the most intense player I've ever coached," coach Mike Carey often says. *Intense* is a word usually associated with S-TU's 1995 WVIAC Player of the Year's playing style.

"Basketball and getting my degree are my only jobs. I don't have any money; my family doesn't have any money. After I get my degree and play pro ball somewhere, I'll be able to think about other things," Antoine says as he reviews his plans.

Hatcher plays the game of basketball with focused determination -- heady floor play punctuated by intimidating defensive attacks; then, on offense, unpredictable airborne assaults marked by uncanny body control.

Mind and body wholly in synch, he immerses himself totally in the competition. "There's not just one game going on out there...there are three! You're playing against the other team, you're playing against the man on you, you're playing against the refs," he says as he sums up his hoops philosophy.



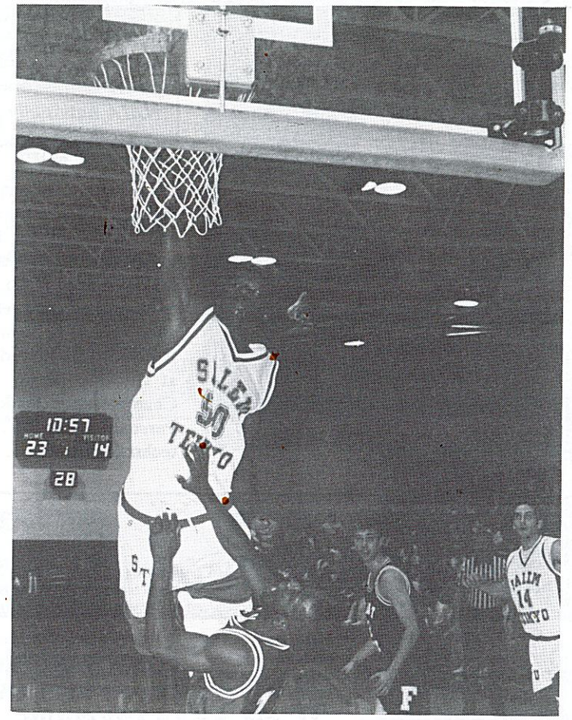
Antoine's love of the game not only kindled his desire to continue playing, it motivated him to be the only one of four brothers to graduate high school and attend college. Raised by his grandmother on the mean streets of Newark, New Jersey, Hatcher used basketball as an escape to a better life. As coach Mike Carey reflects, "Antoine was able to mature and develop into the good person he is today. Antoine's one person you know that if you need something, he'll be there for you. He's got a good heart."

Antoine played three years of high school ball at Newark Tech where he led his team to the Group I State Championship in 1991, averaging 18 points and 10 rebounds per game for the season. After Newark Tech, Antoine played one season at Laurenburg Institute, a prep school in North Carolina, where he averaged 38 points per game.

Not by coincidence, Hatcher's first three years at S-TU marked the most successful back-to-back-to-back seasons in school history -- two WVIAC Championships and a 1994-1995 season which found Antoine leading a short-handed Tiger squad to a strong second-place finish.

ALL - AMERICAN

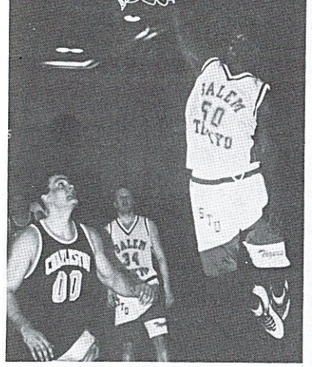
Selected NAIA All-American, 1995 WVIAC Player of the Year; has scored 1511 career points; scored 44 points against West Liberty 2-11-95.



Of course, he had a little talent on the floor with him -- two-time WVIAC Player of the Year Willie Coleman, and All-Conference standouts Lamont Watkins, Aaron Harris, Billy Childers and Paul Johnson. Still, Antoine contributed heavily. His freshman year, he played in 29 games. His 15.6 points per game (453 total points) placed him third among S-TU scorers.

Scoring 476 points in 28 games with an average of 17 per game his sophomore year, he became an even more important weapon in Mike Carey's arsenal.

During Player-of-the-Year junior season, Hatcher led his injury-decimated Tigers to a strong second-place showing. Averaging 25.1 points (652 total points) and 8.6 rebounds (223 total rebounds) last season, Antoine positioned himself to pass Mike Carey's 2,089 total points of the third place spot on S-TU's all time scoring list.



Antoine ranks as one of the finest all around players Mike Carey has ever coached. Maybe not his best scorer ever, maybe not even his toughest defender ever -- although these too can be debated -- but the player who damaged the opposition in the most ways, defensively and offensively, could just be Antoine Hatcher. Without a doubt, backboard to backboard, Hatcher is one of the best to ever play in the WVIAC.

One opposing coach described Hatcher's intense play this way: "He has the biggest heart and the most determination. He has a heart as big as a lion's."

A Holy Grail forced a lion-hearted king named Richard to leave England; a game they call basketball lured a lion-hearted lad called Antoine from Newark, to the hills of West Virginia, to the halls of Salem-Teikyo University, to his degree.

ANTOINE HATCHER

	Year	PPG	FG%	RPG	APG	SPG	BPG
Freshman	92-93	14.9	55	7.2	1.5	0.8	0.5

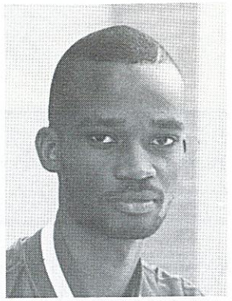
Junior	94-95	25.1	49	8.6	5.1	2.4	0.5
CAREER		19.1	53	6.3	3.6	1.7	0.3

CHRIS BATTLEY
JR., 6'6", 170, FORWARD
NEW ROADS, LA

#10



Scored 29 points and pulled down 9 rebounds against Bluefield State 1-7-95; scored 28 points and pulled down 15 rebounds against then second place NAIA nationally ranked Life College 1-30-95.

Chris Battley's physique and his heavy contributions just don't logically balance out. He's a wonderful quandary. At 6'6" and 160 pounds, Battley almost seems to disappear when he turns sideways. And disappear many opposing teams wish he would. Battley quietly disabled teams like NAIA nationally ranked second place Life College last season. Battley slithers up between wide bodies to "pick-pocket" their rebounds, or glides kite-like through the air to a finger-roll or dunk. He always seems to be around the ball. He'll run the floor with any forward in the conference.
Before S-TU: Played two years of baseball and four years of basketball for coach Art Terry at Livonia High in New Roads, LA...helped lead team to 1991-92 District Championship...made All District First Team averaging 21 points and 7 rebounds per game.
Personal: Born 3/6/74...son of Christopher and Geraldine Battley...majoring in engineering technology.

	Year	PPG	FG%	RPG	APG	SPG	BPG

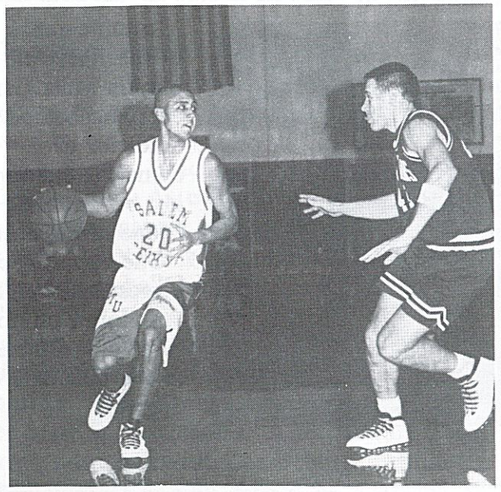
TONY WASHINGTON
JR.; 6'1", 175, GUARD
CLARKSBURG, WV

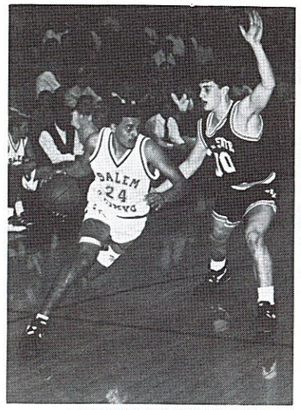
#20

Scored 20 points and blocked 2 shots against Shepherd 1-21-95; had 8 assists and 7 rebounds against Charleston 2-15-95; stole the ball 4 times against Bluefield State 1-7-95; marked-up 4 defensive rebounds six times; hit three 3-point goals two times.



Red-shirted his sophomore year, Tony Washington enters his third year of eligibility an S-TU veteran, second only to Antoine Hatcher in floor time served under coach Carey. Washington's a hustler with a good understanding of the game. Occasionally, he loses focus offensively, but when he's on, Washington finds the open man well and, when hot, his perimeter shooting can be ruthless to opposition. Defensively, Washington can create much damage when he zones in on the game.
Before S-TU: Played basketball for coach Brad Underwood at Clarksburg's W.I. High School...selected to All-County and Big Ten teams his junior and senior years...selected to Second Team All-State as a senior...averaged 15 points per game his senior year.
Personal: Born 3/10/74...son of Chieko Merryman...one sister, Tammy...physical education/psych. major.

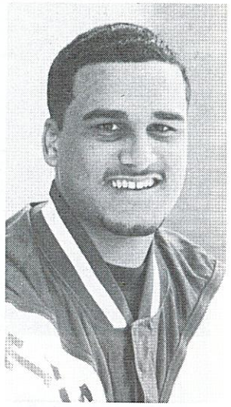
	YEAR	PPG	FG%	RPG	APG	SPG	BPG
Freshman	92-93	0.8	36	0.6	0.2	0.1	0
Sophomore	94-95	6.1	41	2.7	2.8	1.3	0.1
CAREER		3.5	39	1.7	1.5	0.7	0



CARL BOHANNAN
SO., 6'2", 195, GUARD, FORWARD
PHILADELPHIA, PA

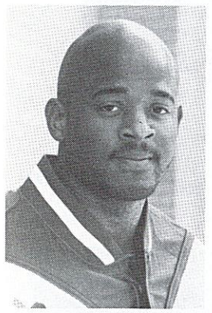
#24

Stole the ball 6 times and had 5 assists against Davis & Elkins 12-7-94; scored 19 points and pulled down 13 rebounds (10 offensive) against Fairmont 2-8-95; blocked 2 shots four times and pulled down 4 defensive rebounds six times.



Carl Bohannan played more games his freshman year than any freshman since Antoine Hatcher's freshman year. A truly gifted athlete--speed, strength, and agility--Bohannan, a freshman walk-on, initially came to S-TU to play baseball. A swing player, equally comfortable at guard or forward, Bohannan showed flashes of brilliance and contributed heavily in several games last year. Unfortunately, he also suffered some "freshman mistakes" too. Still, on balance, Bohannan played a fine freshman season. He plays tenaciously, hits the boards hard on both ends, pushes the ball, and drives well. He plays much bigger inside than he is.
Before S-TU: Played three years of basketball and baseball for coach Sculang at William Penn High in Philadelphia, PA.
Personal: Son of Carl Combs and Patricia Bohannan...criminal justice major.

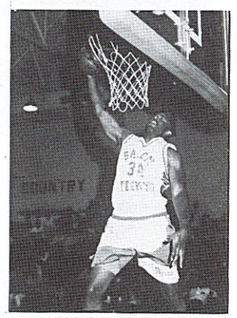
	YEAR	PPG	FG%	RPG	APG	SPG	BPG
Freshman	94-95	9.2	58	5	1.3	0.7	0.3

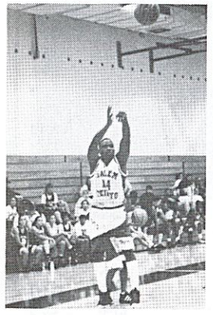


#34

TORI WILSON
SR., 6'7", 230, CENTER
PITTSBURGH, PA

Feline aggression well describes this big man's style of play. Strength, agility, good ball handling skills, excellent knowledge of the game and a deep seated desire to win all combine to create Tori Wilson. Don't look for him to score a lot. That's not his role. Tori's cat-like defensive prowess, shot blocking and rebounding will help win games for S-TU.
Before S-TU: Played one year at WVU...graduated Allegheny Community College after two years playing for coach Bob Kirk where he averaged 15 points and 13.5 rebounds per game...played four years for coach Don Brada at Oliver High in Pittsburgh, PA...MVP in Rich-Mor Tourney 1991-92...second in City League Slam-dunk Championships 1991-92...at Oliver had one game with 10 dunks and scored 38 points against Carrick High in another.
Personal: Born 6/18/74...son of Sheila Snowden...brother Wesley and sister Raelyne...human resources major.

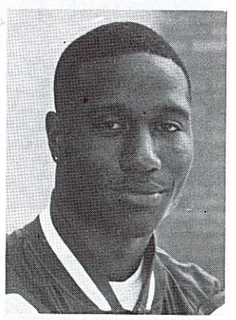


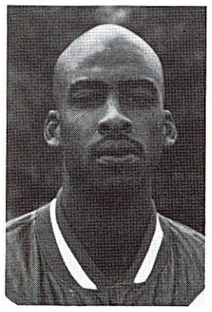


ANDRE WHEELER
SR., 5'10", 175, GUARD
SOUTH EUCLID, OH

#14

Probably the quickest to play at S-TU since Paul Johnson of the 1993-94 WVIAC Championship team. Andre Wheeler's speed and excellent ball-handling skills alongside Antoine Hatcher should solidify S-TU's perimeter and increase fast break opportunities. A University of Cincinnati transfer, Wheeler possesses the maturity and experience to pilot this S-TU team through tough games. His "now you see me, now you don't" playing style and excellent leaping ability will cause problems throughout the conference.
Before S-TU: Played one year at University of Cincinnati...played for coach Fitch at Lakeland Community College where he was selected First Team All Conference and Special Mention All-American averaging 17 points, 8 assists, 4 rebounds and 3 steals per game...played for coach Dave Aknick at Brush High in South Euclid, Ohio where he helped the team earn the 1990-91 League Title Co-Championship...selected first teams All-County, All-District, All-Conference, and All-State.
Personal: Born 7/18/73...son of Freddie and Lorraine Wheeler...brothers Freddie and Terrance, sister Lorraine...criminal justice major.

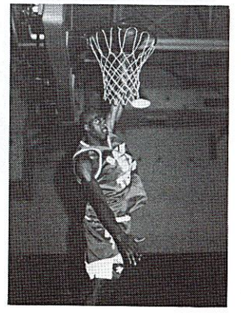


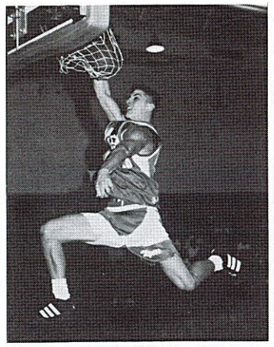


#52

KYMAR BARRON
SR., 6'10", 210, FORWARD
BRONX, NY

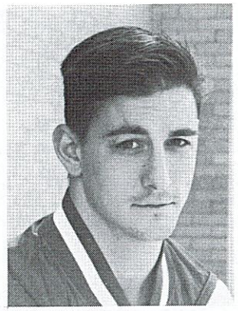
Kymar Barron fills the inside dominant big man scoring role open at S-TU since Djorde Munizaba was forced from the floor with heart problems. Barron runs and moves well for a big man and can be deadly from 8 feet in. A WVU transfer--again here's another player with much experience who wants to play. Eligible in January.
Before S-TU: After playing two years at Allegheny Community College, Barron played a year at WVU...he played for coach John Mathis at John F. Kennedy High School in the Bronx, N.Y., where he averaged 19 points and 10 rebounds per game. **Personal:** Born 3/20/72...son of Melvin Barron...Y.H.S. major.



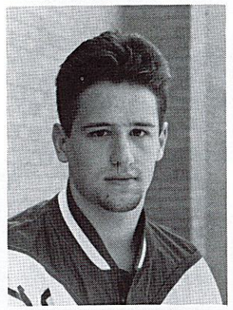


PETE THOMPSON
FR., 6'5", 210, FORWARD
FAIRMONT, WV

#42



Pete Thompson could be the second most intense player on the floor next to Antoine Hatcher. Thompson loves the game; he exudes enthusiasm from every pore like an impatient thoroughbred in the gates. His energy level rivals anything Duracell can offer. He's a fine athlete, possesses an excellent vertical jump, good ball-handling and shooting skills.
Before S-TU: Played for coach Babe Stingo at Fairmont Senior on the 1991-92 25-1 state runner-up team with Prickett...selected to 1992 First All-Conference and First All-State teams... averaged 17.4 points, 12.8 rebounds, 2.6 assists, and 2 blocks per game with a 28 point high game.
Personal: Born 9/14/73...son of Robert and Mary Jo Thompson...sister Mary Jo... major undecided.



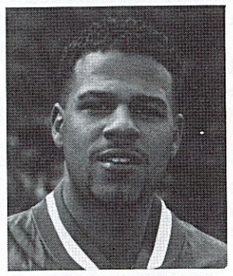
#11 ZORAN POPOVIC
FR., 6'2", 190, GUARD
BELGRADE, YUGOSLAVIA

Zoran Popovic, from Belgrade, Yugoslavia, was voted the Best Young Point Guard in Yugoslavia in 1994. Unfortunately for Popovic, S-TU seldom plays European style basketball. Although he sees the floor and passes better than most, and shoots well from the perimeter, Popovic needs some time to properly acclimate to S-TU style basketball. When he does fully comprehend the how's and why's of American basketball, with his skills he could become a force to be reckoned with.
Before S-TU: Played on a series of Yugoslavia's best club teams because there are not any high school teams...averaged 20 points, 8 assists and 3 steals last season.
Personal: Born 12/19/76...son of Branko and Ruzica Popovic...brother Bojan...engineering technology major.

JUN OKAYAMA
FR., 5'9", 155, GUARD
SHIZUOKA, JAPAN

#12

Jun Okayama traveled a long way to play basketball at S-TU. He exemplifies perseverance and work ethic. Neither large enough, nor truly knowledgeable enough yet, Okayama compensates with hard work, hustle and tough in-your-face defense. He shoots well from long range.
Before S-TU: Played for coach Watura Yoneyama at Kakegawa Nishi (west) High School in Kakegawa, Shizyoka, Japan where he averaged 30 points per game...played for Kikugawa-express, a club team, and averaged 20 points per game.
Personal: Born 5/23/75...son of Hideaki and Yuko Okayama...sister Yoko...international business major.

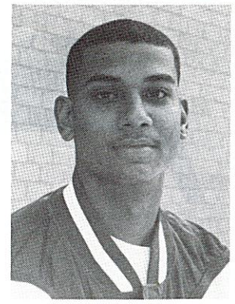


#33 TONY DOBBS
FR., 6'3", 215, GUARD/FORWARD
FAIRMONT, WV

Another hard playing swing-man with solid outside shooting skills who isn't afraid to work inside. He has a good mental attitude, but his floor play hasn't been tested in practice or a game since he does not become eligible until January.
Before S-TU: Played basketball for Frank "Babe" Stingo at Fairmont Senior...selected First Team All-Conference in both 1990 and 1991...helped Fairmont win the conference two years running with an average of 18.6 points per game.
Personal: Born 10/11/73...son of Michael Robsin and Paulette Dobbs...public health major.

CHARLES DAVIS
FR., 6'1", 200,
GUARD/FORWARD
SOUTH EUCLID, OH

#32



You've heard 'em a thousand times..."He's got a nose for the ball." or "He's always around the ball." Clichés both, still they hint at what Charles Davis does. Defensively, offensively, and all points between, this swing man simply makes things happen around the ball with his aggressive play style, particularly on defense. Davis' defensive demeanor radiates a sense that opponents, regardless of size or skills, are minor molehills, temporary inconveniences, to his proprietary ball rights--a billboard ad loudly proclaiming: "That ball's mine, don't make any big plans for it!" Davis will be two-hands full for opponents after he gets coach Carey's system down pat.
Before S-TU: Played for coach Dave Allenick at Brush High in South Euclid, OH, on the 1992 GCC Championship team...he was selected All-Defense Player and for four years averaged 10 points, 10 rebounds, 3 assists and 5 steals per game.
Personal: Born 10/10/73...son of Charles and Vivian Davis...criminal justice major.
